

Dear Friends, we are sure that the event we prepare for you will provide you with lots of unforgettable experiences, electrifying sensations and unexplored energy reserves. We are aware that every organism after such events needs regeneration and therefore, in the area of the Modlin Garrison, near the garrison wall, we have prepared a festival campsite for you. The place chosen by us is located in a secluded point between the ramparts. The location will provide you with the opportunity to rest and recharge the battery before the next night full of electrifying impressions. You can check the exact location on the map below:

Why choose a camping site?

- Location in the immediate vicinity of the Modlin Garrison
- Guest bands ensuring no access of unauthorized persons
- A guarded, safe space
- Access to toilets and showers
- Safe deposit for valuable personal items
- Parking lot
- Medical care

Campsite tickets are available here: <https://www.biletomat.pl/en/festiwale/institut-festival-2018-musicart-6110/>

For those of you who are not encouraged to sleep in campsite conditions we recommend hotels and guesthouses located in the vicinity of the Modlin Fortress. Do not forget also that the festival area is located not far from Warsaw, also in the absence of accommodation you will surely find something for yourself in the capital. Transport to the festival area is very simple, you can find the tips in the ACCESS section.
